Independent School District 196 offers portal services as a communications tool between the school district and the parents of our students. Parent access to portal services will be limited to the services being offered at the school where your child is enrolled.

- I will not use any portal service for any illegal activity, including violation of data privacy laws;
- I will not access data or any account owned by another user;
- If I identify a security issue with any portal service, I will notify the principal of my child's school immediately, and
- I understand that if I am identified as a security risk to this portal service or if my right to access information on the child(ren) listed below is limited by law, my access will be denied.

Each parent in your household must sign and return this agreement to receive access to your child's portal service. This form will give you access to the accounts of all of your children and will remain valid throughout their school career in District 196.
