<b>25 pt scale</b>	<b>Description</b>
<b>23 - 25</b>	Demonstration of thorough preparation in <u>all</u> aspects of the assignment for this lesson. <u>Strong</u> evidence of a <u>daily</u> commitment towards preparing the lesson material. The student <u>is</u> meeting his/her potential as an independent music-maker.
<b>19 - 22</b>	Demonstration of thorough preparation in <u>most</u> aspects of the assignment for this lesson. <u>Moderately strong</u> evidence of a daily effort towards preparing the lesson material. The student <u>is close</u> to meeting his/her potential as an independent music-maker.
<b>15 - 18</b>	Demonstration of thorough preparation in <u>some</u> aspects of the assignment for this lesson. Evidence of a <u>several-day</u> commitment towards preparing the lesson material. The student is <u>demonstrating progress</u> , however, not necessarily to his/her potential as an independent music-maker.
<b>11 - 14</b>	Demonstration of <u>some</u> preparation in <u>multiple aspects</u> of the assignment for this lesson. Evidence of a <u>few-day</u> commitment towards preparing the lesson material. While the student is capable of working towards his/her potential as an independent music-maker, this lesson reflects only some effort towards that goal.
<b>10</b>	Demonstration of <u>little or no</u> preparation of the assignment for this lesson. Evidence of <u>minimal</u> or <u>last-minute</u> practice towards preparing the lesson material. While the student is capable of working towards his/her potential as an independent music-maker, this lesson reflects minimal effort towards that goal.
