

Cedar Park Gym Shoe Policy

Dear Cedar Park Parents,

All Cedar Park students are required to have proper footwear for physical education classes. Sneakers/tennis shoes/gym shoes are ideal for physical education and will allow your child to safely participate in all activities. Boots, sandals, shoes with very thick soles, flip-flops, crocks, wedges, heels, etc., are all examples of shoes that are unsafe during physical education activities.

Beginning February 22nd, students who forget to bring gym shoes will be assigned an alternate activity during their physical education time. This alternate assignment will allow your child to be active and safe during their physical education time when their shoes are not safe for the main lesson. Please help us in providing the best physical education experience possible by sending your child/children to school with their gym shoes.

Sincerely,
Becki Douglas & Andy Hartzheim
