

EASTVIEW LIGHTNING
SMALL GAMES
SUMMER TRAINING
PROGRAM

Small Games Training:

Training at Eagan Ice Arena. At STP Hockey we won't promise to teach you every skill and concept in the game. Our focus will be on the fundamental skills and basic concepts needed to play the game. Small game format gives the game back to the players and allows them to learn from playing. Some call it 'rink rat hockey' some call it 'pond hockey', which ever the case, it is hockey the way it is meant to be played....FUN! The players will have numerous opportunities to handle the puck each day in the small games. Small games force them to think the game, while they work on their puck skills as well as their skating skills.

Summer STP hockey is open to all youth hockey players in the Eastview district, from those entering their last year of mites through first year bantams. Players will be grouped with others of similar age and skill level while on the ice and in competition. Second year bantam players are invited to attend the H.S. STP program.

Coaches are from the High School staff as well as Eastview Hockey alumni.
