

In an effort to make student drop off and pick up more safe, please see the attached map.

The traffic flow within the FRMS parking lot consists of two patterns.

The first pattern is for those vehicles entering the parking lot from Johnny Cake Ridge Road and the second pattern is for those vehicles entering the parking lot from McAndrews Road.

The second parking aisle (marked in yellow) is reserved for handicap and visitor parking only.

We will have signage posted to remind you of parking areas and drop off zones.

Please drive safely and let me know if you have any questions.

Thank you,

Noel Mehus, Principal
