

The Workshop is open to all Northview Kids, Parents and Teachers who are interested in DI.

Kids – the workshop will present a summary of the DI Challenges for 2008-09 and what you might need to know to take on one of the challenges.

Parents – the workshop will give you a chance to talk with parents and managers from previous years and find out what it takes to be a DI parent and/or manager. You may find out you also have skills to offer the teams as a technical, theatre, story writing or mechanical resource.

Teachers – find out what DI is and how you might be able to assist the teams with teamwork, imagination and creativeness. You might also find out you have some skills the teams could use to solve their challenges.
