

Ms. Ringquist's

Spanish Academy

- **Who:** YOU!!! Open to all incoming sixth, seventh, eighth grade or graduating eighth grade Spanish students.
- **What:** A wonderful opportunity to enhance your Spanish! This summer, I will be giving personalized Spanish classes to small groups of students. These classes will be an exciting combination of practice and building confidence. Custom-fit for your child in accordance with their next grade level (Ex. Incoming 5th graders learning with other incoming 5th graders and so forth).

We will do activities that boost comprehension, retention, and comfort level. We will do things like prepare authentic Spanish dishes, have conversations with native Spanish speakers, and more. There will even be classes where you will speak entirely in Spanish!

***The Spanish Academy is not part of or associated with Scott Highlands Middle School or Community Ed. Your child will be receiving private classes.

- **When:** One hour classes that will happen two days a week throughout 6 weeks in the summer. The classes would be either Monday/Wednesday or Tuesday/Thursday. The classes will be in the early afternoon beginning June 22 and going until July 31. There will be opportunities to make up missed classes.
- **Where:** Scott Highlands Middle School (Ms. Ringquist's Room #131)
- **Why:** This opportunity will allow your child to practice everything he/she has learned over the year and should ensure that your child will be a "well oiled machine" come the start of next school year! The additional practice will not only allow your child to better understand the language but also give them a chance to stay fresh, or begin the process of learning a new language. Practice and retention are key when it comes to learning. When taking on the fun, yet challenging, task of learning a new language it's a necessity.
- **Special note for new learners:** I would especially encourage and invite you to enroll. Getting a jump start on your new language will make a confident learner on day 1 of your 6th grade year. Equally important is the opportunity your child will have to get comfortable with their new learning environment, Scott Highlands Middle School.
