To: School Board of Independent School District 196 Mark Stotts, Director of Finance and Operations From:

Christopher Onyango-Robshaw, Coordinator of Finance

Danny DuChene, Manager of Financial Systems, Reporting and Compliance

INTRODUCTION

To comply with Minnesota Statute 123B.77, the School Board approved the district's 2020-21 Preliminary Budget at the regular school board meeting on Monday, June 22, 2020. The 2020-21 Final Budget included in this report reflects changes in budget items due to updated student enrollment and staffing data, contract settlements and other factors unavailable or unknown at the time of approval for the preliminary budget.

REPORT FORMAT

The 2020-21 Final Budget is presented in the three sections outlined below:

- Community Budget Guide provides an executive summary of the remaining two sections described below
- Financial Section provides an overview and analysis of each of the district's funds
- Informational Section provides selected financial, student demographic, and economic data on a multi-year comparative basis

REPORTING ENTITY AND ITS SERVICES

District 196, located on the southeastern edge of the Minneapolis/St. Paul metropolitan area, was incorporated in 1950 and serves a portion of nine suburban communities within Dakota County. The district provides a full range of public and community education services appropriate to grade levels ranging from pre-kindergarten through grade 12, as well as adult programs.

FINANCIAL AND BUDGETARY CONTROL

District leadership is responsible for establishing and maintaining internal controls designed to ensure that the assets and resources of the district are protected from theft, misuse or loss. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived, and 2) the valuation of the costs and benefits requires estimates and judgments by district leaders.

The district's budget process is based, first, on development of a budget projection model that attempts to project resources and expenses over a multiple-year period. The budget projection is used by the School Board and the administration to determine budget parameters and staffing guidelines. This budget has been prepared in accordance with the budget parameters and staffing guidelines approved by the School Board at the February 2020 meeting. Legal budgetary control is at the fund level; however, directors, principals, coordinators and other budget managers are responsible for monitoring their budget centers within each of the funds. All appropriations lapse at year- end.

BUDGET PROCESS AND ASSUMPTIONS

The district operates in a decentralized or site-based environment. Annually, schools receive staffing, instructional and capital expenditure allocations from the district office to support their operations. Other programs, such as curriculum materials, major maintenance projects, special education program and facilities and grounds maintenance are centrally managed. A majority of the allocations to the schools are driven by student enrollment and per student allocations reviewed and approved by the School Board, as previously mentioned. In addition to the board approved staffing guidelines, the District utilizes enrollment counts as of October 1 of the current academic year to prepare the final allocations and budget.

Staffing Allocation

- Staff is allocated to each site based on the staffing guidelines and ratios developed by the administration and approved by the School Board. School principals and department administrators are responsible for staffing their building or department according to their allocations.
- The finance department, based on School Board-approved contracts and verified by school principals and other budget administrators, initially calculates employee salaries used in the budget. Salaries for employee groups that do not have approved contracts are estimated based on specific budget parameters determined by the School Board.
- Employee benefits are estimated using a variety of techniques. Retirement benefits, social security and workers' compensation premium budgets are calculated as specified percentages of salaries. Budgets for health, dental, life insurance and a tax sheltered annuity match are estimated based on the projected number of employees reported by school principals and other budget administrators, premium information provided by the insurance carriers and current employee contracts. For groups that have no contract but for which there is a limit on the district's contribution, increase in the maximum district contribution is based on budget parameters reviewed by the School Board in February 2020.

Non-Salary Allocations for Schools

- Instructional Allocations instructional allocations were increased by 2.0 percent as part of the budget increases for the 2020-21 school year
- Staff Development In addition to the instructional allocations, schools receive \$8 per pupil for staff development activities.
- Co--curricular staffing and supplies Secondary schools receive co-curricular staffing and supply allocations to support their co-curricular programs. Co-curricular staffing and supply allocations for 2020-21 school year increased by 2.0 percent (supplies) and between 9.6 percent (HS) and 12.2 percent (MS) for staffing fixed costs, respectively. The staffing increases include new parameters approved by the school board and an increase in statutory benefits.
- Compensatory Education Allocations 2020-21 allocations are based on estimates prepared by the Minnesota Department of Education. These estimates are based on the district's actual enrollment and actual free-and-reduced-price lunch counts on October 1, 2020.
- Targeted assistance (basic skills) per pupil allocations for grades K-8 remain at the 2012-13 level: \$40.50 per pupil unit for non-Title I elementary and middle schools and \$20.25 for Title I elementary schools.
- Learning and Development Program School districts are required to reserve a portion of the general education formula revenue to reduce and maintain class size in elementary grades, with first priority on kindergarten, first, second, and third-grade class sizes. The allocations for each school were based on actual October 1, 2020 enrollment counts.
- Administrative and support department non-salary budgets were determined by each department head based on parameters
 established by the School Board, and then reviewed and approved by the superintendent or the director of finance and
 operations. For 2020-21, the inflationary adjustment for non-salary budgets is 2.0 percent except for budget items, such as
 heating fuel and electricity, which are based on recent trends and industry direction.

Revenues

• Estimates are prepared by the Finance Department based on state statutes, using the actual October 1, 2020 enrollment. The district receives a \$6,567 per pupil allowance during the 2020-21 school year, which reflects a 2.0 percent increase over 2019-20 p.p.u. allowance (\$6,438). The amount set aside for pupil transportation for the current school year is \$299.99, or 4.57 percent of the formula allowance. The projected adjusted pupil units for the 2020-21 school year is 31,629.

DESCRIPTION OF FUNDS

The Minnesota Department of Education has established the existence of the various district funds. Each fund is accounted for as an independent entity. Descriptions of the funds included in this report are as follows:

Governmental Funds

- General Fund Used to account for all financial resources except those required to be accounted for in another fund. The district
 maintains five sub-accounts within the General Fund: Operating, Transportation, Capital, Quality Compensation, and Special
 Education. Beginning with the 2019-20 school year, student activity accounts are reported in a restricted area of the general fund, as
 required by MDE and the GASB #84 statement.
- **Building Construction Fund** Used to account for financial resources used for the acquisition or construction of major capital facilities authorized by bond issue or capital project levies.
- **Debt Service Fund** Used to account for the accumulation of resources for, and payment of, general obligation long-term debt principal, interest and related costs. The district maintains a separate Other Post-Employment Benefits (OPEB) account within the debt service fund to account for OPEB-related debt activity. All other debt service is recorded in the general debt service account.
- Food Service Special Revenue Fund The food service special revenue fund is primarily used to account for the district's child nutrition program.
- Community Service Special Revenue Fund The community service special revenue fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, adult or early childhood programs, or other similar services.

ProprietaryFunds

• Internal Service Funds – Internal service funds account for the financing of goods or services provided by one department to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The district has established three internal service funds: Severance Benefits, Self-Insured Dental, and Self-Insured Health. Beginning in 2018-19, the district has transitioned to an Irrevocable OPEB Trust, which will be housed in the Fiduciary funds below.

Fiduciary Funds

- Trust Funds The district maintains an employee benefit trust fund used to administer resources received and held by the district as the trustee for employees participating in the district's flexible benefit plan (Internal Revenue Code § 125 Cafeteria Plan). The district also will maintain and OPEB Irrevocable Trust fund as mentioned above.
- Agency Funds Agency funds are established to account for cash and other assets held by the district as the agent for others. The
 district maintains two agency funds used to account for a Graduate Credit Program (a continuing education program organized for
 the benefit of district certified staff) and the Minnesota Reading Recovery Conference. These funds were moved into Community
 Ed for the 2020-21 school year.

FISCAL SUMMARY

The following is a summary listing of the budget for each of the fund groups contained in the 2020-21 Final Budget:

| | | | | | Projected |
|----------------------------|--------------|-------------|--------------|--------------|--------------|
| | Fund Balance | | | Fund Balance | Fund Balance |
| Fund | 06/30/20 | Revenues | Expenditures | Transfer | 6/30/2021 |
| General Fund | 58,364,325 | 419,871,107 | 420,139,917 | (87,145) | 58,095,515 |
| Special Revenue Funds | 7,527,283 | 15,588,296 | 16,177,575 | 87,145 | 6,938,004 |
| Building Construction Fund | 9,469,386 | 8,900,000 | 9,000,000 | - | 9,369,386 |
| Debt Service Funds | 2,669,764 | 17,846,867 | 17,064,920 | - | 3,451,711 |
| Internal Service Funds | 13,336,560 | 58,342,000 | 58,256,900 | - | 13,421,660 |
| Fiduciary Funds | 58,008,115 | 4,454,000 | 6,150,000 | - | 56,312,115 |
| <u>Totals</u> | 149,375,433 | 525,002,270 | 526,789,312 | - | 147,588,391 |

The following table is a fund balance summary of the categories within the general fund for the 2020-21 Final Budget

| <u>Fund</u> | Fund Balance 06/30/20 | Revenues | Expenditures | Fund Balance Transfer | Projected Fund Balance 6/30/2021 |
|---------------------------|--------------------------|-------------|--------------|--------------------------|----------------------------------|
| General Fund | | | | | |
| Unrestricted - UnAssigned | 45,738,997 | 393,853,260 | 388,976,685 | (87,145) | 50,615,572 |
| Operating Capital | 5,443,273 | 8,439,979 | 12,910,758 | - | 972,494 |
| Capital Projects Levy | 1,742,257 | 6,149,635 | 6,149,635 | - | 1,742,257 |
| LTFM | 1,239,486 | 10,311,942 | 11,325,000 | - | 226,428 |
| Medical Assistance | 1,301,555 | 850,000 | 511,548 | - | 1,640,007 |
| Student Activity Accounts | 345,787 | 266,291 | 266,291 | - | 345,787 |
| Site Carry-over | 1,271,880 | - | - | - | 1,271,880 |
| Non-Spendable | 1,281,090 | - | - | - | 1,281,090 |
| Total General Fund | 58,364,325 | 419,871,107 | 420,139,917 | (87,145) | 58,095,515 |

ACKNOWLEDGEMENTS

This budget document, in conjunction with the preliminary budget document requires many hours of preparation, deliberation and review by the School Board, Budget Advisory Council members, superintendent, budget managers and members of the finance department. Many thanks go to all involved for their efforts in preparing these important budget documents.

Respectfully,

Mark Stotts
Director of Finance and Operations

Christopher Onyango-Robshaw Coordinator of Finance

Community Budget Guide

INDEPENDENT SCHOOL DISTRICT 196

Rosemount-Apple Valley-Eagan Public Schools

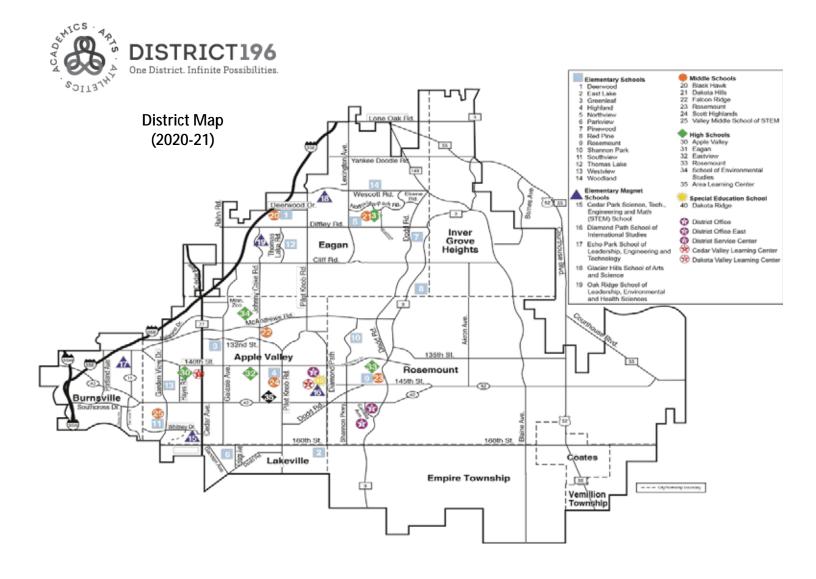

Educating our students to reach their full potential

Our District

District 196 is a public school district in Dakota County, Minnesota serving approximately 29,000 students in early childhood programs through grade 12 and a Transitions Plus program serving young adults with disabilities ages 18-21. The mostly suburban district covers 110 square miles in Dakota County and serves all or parts of the cities of Rosemount, Apple Valley, Eagan, Burnsville, Coates, Inver Grove Heights and Lakeville, and Empire and Vermillion townships. Total district population is estimated at 155,000.

District 196 operates its programs in 37 facilities, including 19 elementary schools, six middle schools, four comprehensive high schools, an optional high school for grades 11-12, an area learning center, a school for students with special needs and two learning centers. The district also has three facilities for support staff.

- Grades 6-8: 6,567 (22.6%)
- Grades 9-12: 8,978 (31.0%)
- Adult Basic Education: 31 (0.1%)

Enrollment History and Projection

District 196 experienced consistent enrollment growth from 2016-17 to 2019-20. The district has experienced a slight decrease in enrollment due to the factors of the COVID-19 pandemic. The district anticipates a slight enrollment increase for the 2021-22 school year.

English Learners (EL)

- 7.4% of all students
- Nearly 90 languages spoken by District 196 families

Special Education

 15.4% of all students qualify for special education services

Gifted & Talented

 Students who are participating in the Gifted & Talented Program in 2019-20

District 196 Schools

Receive Federal Title I
 Funds to improve the
 educational
 achievement of
 disadvantaged students

Achievement

District 196 students have a tradition of outstanding achievement both in and out of the classroom. Our students win a large number of state and national awards in a variety of curricular and co-curricular competitions, and earn scholarships to colleges and universities throughout the country, and appointments to United States military academies.

District 196 students consistently score well above average on state and national assessments, and graduate at a high rate (see bottom table). The Minnesota Comprehensive Assessments (MCAs) and Minnesota Test of Academic Skills (MTAS) are given annually to all students statewide in grades 3-8 (reading and math), grade 10 (reading), grade 11 (math), and in science grades 5, 8 and once in high school. The MCAs and MTAS are designed to measure district and student progress on teaching and learning the Minnesota Academic Standards, which are required for graduation. Students who meet or exceed the standards are considered to be proficient in the subject areas. Due to the COVID-19 pandemic, summary assessment data was not available for Minnesota school districts for 2019-20. The date shown is from the year before.

District 196 high school students in the class of 2020 scored well above state and national composite scores on the American College Test (ACT) entrance exam. The ACT average composite score for the district's class of 2020 was 22.7. The district average was 1.4 point higher than the Minnesota average of 21.3, which was highest in the nation among states where more than half of all graduates took the test. The national average for the 2019-20 school year was 20.6.

Our School Board & Employees

The School Board is the governing body of the district, responsible for developing policy to ensure the proper care, management and control of district affairs, and supporting the mission of *educating our students to reach their full potential*. The board approves staff hiring, sets the annual local school levy, approves expenditures and educational programs (curriculum), and otherwise ensures that proper facilities and equipment are available to support teaching and learning in the district.

The seven School Board members are elected at large in odd-numbered years and serve four-year terms. The board typically holds regular meetings on the second and fourth Monday of each month, as well as workshops, committee meetings and public hearings, as needed. The public is invited to attend board meetings and may address items on the agenda and during the open forum and special communication portions of the meeting. The superintendent is appointed by and responsible to the School Board, and is the sole official representative and spokesperson of the district.

Our Beliefs and Goals

During the 2020-21 school year, the School Board directed the superintendent to focus efforts on safety, equity and achievement (SEA change) in the district's ongoing response to the COVID-19 pandemic and need for increased urgency in addressing educational inequities in the district. Below are beliefs and goals that guided the district's work prior to the onset of the pandemic in Minnesota in March 2020 and the killing of George Floyd in police custody in Minneapolis on May 25, 2020.

BELIEF STATEMENTS

We believe...

- Students come first
- · All students can learn
- High expectations inspire students and staff to excel
- Learning is maximized in a safe, respectful and inclusive environment
- A well-rounded education includes opportunities in academics, the arts and athletics
- · Learning is a lifelong pursuit
- Effective management of resources is critical
- Partnerships and collaboration enhance educational programming
- A culture of innovation and continuous improvement prepares students to be college or career ready
- An informed and engaged community guides effective decision-making

TEACHING & LEARNING

Deliver a high-quality instructional program that anticipates and meets the needs of all learners

- Identify and implement essential learning in all content areas for early childhood through grade 12 (E-12) which will be clearly aligned, viable, relevant, rigorous, and understood by staff, students, and parents
- Identify and implement effective and engaging instructional strategies that are connected to a rigorous curriculum to maximize learning for all students
- Support learning for all students and guide instruction by designing and implementing a balanced assessment program which is both summative and formative
- Develop a systematic process of intervention and enrichment in all schools within a District 196 Response to Intervention framework, ensuring every student receives the time and support needed to master or exceed essential learning
- Continue to ensure high-quality teachers through differentiated professional development, effective evaluation and support that promotes collaboration, continuous learning, research-based instructional practices and growth in student achievement

EDUCATIONAL EQUITY

Implement a systemic process that increases achievement for all students by addressing equitable access to opportunities in our schools and programs

- Increase cultural proficiency across the district
- Increase access and participation for all students in co-curricular activities and learning opportunities
- Ensure access and increase participation in programs that prepare students for college
- Develop a systemic process to recruit and retain diverse and culturally proficient staff to reflect the diversity of the student population
- Distribute resources for schools based on multiple factors including student needs (E-12)

EARLY LEARNING

Provide a well-aligned continuum of high-quality, culturally responsive, early learning (birth to grade 3) services to meet the needs of all students

- Coordinate and align educational experiences between early childhood services (birth to kindergarten) and elementary schools (kindergarten to grade 3)
- Offer a continuum of high-quality, culturally responsive, early learning services to meet all students' needs
- Investigate and develop strategies for outreach, community engagement and collaboration

PARTNERSHIPS

Develop and implement sustainable strategies to increase collaboration between the district and community partners

- Establish a structure that will support new and existing partnerships
- Increase partnerships by enhancing relationships among schools and between schools and the community
- Distribute resources for schools based on multiple factors including student needs (E-12)

Our Budget

The preliminary budget adopted by the School Board each June is the official authorization for expenditures for the upcoming school year, which begins July 1 each year. This budget plan guides staff in how funds are spent toward instructional programs for students. The budget is developed by the superintendent and administration with input from the district's citizen-led Budget Advisory Council and in accordance with School Board-approved budget and staffing guidelines. The School Board Audit and Finance Committee reviews the proposed budget. If necessary, revisions are incorporated into the proposed budget for School Board review. The School Board is required by state law to adopt the preliminary budget by July 1 each year.

| Fund | Budgeted Expenses | % of Budget |
|----------------------------|-------------------|-------------|
| General Fund | 420,139,917 | 79.8 |
| Internal Service Funds | 58,256,900 | 11.1 |

| Agency Funds | - | 0.0 |
| Totals | 526,789,312 | 100.0% |

School district budgeting is a continuous five-step process

Each step outlined below requires school board approval and is open for public inspection and comment. Since the process spans multiple school and calendar years, the district can be in multiple phases of the process at any given time.

- 1) Property Tax Levy The process begins with submission of estimated property tax levy information to the Minnesota Department of Education (MDE) by mid-July. The MDE calculates the maximum levy amount based on current legislation. This levy is certified by the School Board prior to the end of the calendar year.
- 2) Preliminary Budget This process includes the completion of long-range enrollment projections, updating the five-year budget forecast, development of staffing guidelines and determination of revenue and expenditure assumptions preliminary budgets must be approved by the school board prior to July 1.
- 3) Final Budget Each fall, the Finance Department prepares the final budget that includes actual October 1 enrollment and changes in school finance law. The School Board approves the final budget in December or January.
- 4) Budget Adjustments In the spring, the School Board may approve budget adjustments to account primarily for grant dollars the district may have received during the year. These adjustments allow for accurate funding for programs and provide the most accurate basis for developing the prelim budget for the following year.
- 5) Annual Financial Audit and Comprehensive Annual Financial Report The final step in the budgeting process is closing the books and preparing the financial statements for the year. During this period, the district undergoes an independent audit as required by state law. The School Board typically reviews the audited comprehensive annual financial report in October or November.

2020-21 budgeted amount: \$420,139,971 (79.8%)

General Account

2020-21 budgeted amount: \$283,895,573 (67.6%)

This is the district's main operating budget. This account pays for the instructional programs, daily operations of schools, general functions of the district and long-term facility maintenance expenditures. More in-depth information on this account is provided in the following pages of this publication.

Special Education Account

2020-21 budgeted amount: \$81,087,627 (19.3%)

This account is used to record all financial activities associated with providing special education services to students with special needs.

Quality Compensation Account

2020-21 budgeted amount: \$7,667,068 (1.8%)

The Quality Compensation for Teachers (Q Comp) Program was approved by the Minnesota Legislature in 2005. This program is designed to advance the teaching profession by providing structured professional development and evaluation, and an alternative pay schedule that compensates teachers based on performance, not just seniority. The district was first approved to participate in this program in 2007-08. The district uses this account to track revenues and expenditures associated with providing additional compensation to licensed teachers and Nurses.

Pupil Transportation Account

2020-21 budgeted amount: \$22,987,600 (5.5%)

This account is used to record and report all pupil transportation activities including transportation of students with special needs and students who attend non-public schools.

Capital Expenditure Account

2020-21 budgeted amount: \$24,235,758 (5.8%)

This account is used to record all financial activities related to major building maintenance projects, capital equipment and technology equipment purchases, instructional facilities lease payments, curriculum and media resource materials.

Student Activities Account

2020-21 budgeted amount: \$266,291 (0.1%)

The student activity account is used to track all activity for school extra-curricular student activities. The 2019-20 fiscal year is the first fiscal year in which MDE has required student activity accounts operate under school board control.

Food Service Fund

2020-21 budgeted amount: \$7,600,772 (1.4%)

This fund is used to record financial activities of the district's food service program. Food service includes activities for the purpose of preparation and service of milk, meals and snacks in connection with school and community service activities.

Community Service Fund

2020-21 budgeted amount: \$8,576,803 (1.6%)

This fund is comprised of five components, each with its own fund balance. The five components are community service, community education, early childhood family education, school readiness and Adult basic education.

Building Construction Fund

2020-21 budgeted amount: \$9,000,000 (1.7%)

When voters approve a building construction or facilities renovation bond, the district sells bonds in order to pay for the work. This is the fund that receives the money from the sale of the bonds and pays for the land purchases, construction of new schools, renovations of existing schools and other costs directly associated with the voter approved bond.

Debt Service Funds

2020-21 budgeted amount: \$17,064,920 (3.2%)

When the district sells bonds to finance voter-approved construction of new facilities or major renovation of existing facilities and funding for other post employment benefits, the district also receives authority to levy a direct general tax upon the property of the district for the repayment of principal and interest on the bonds as due.

Expendable Trust Fund

2020-21 budgeted amount: \$6,150,000 (1.2%)

This fund is used to record revenues and expenditures for trust agreements where the School Board has accepted the responsibility to serve as trustee, including the irrevocable OPEB trust. The property in the trust agreement typically comes to the district by gift.

Agency Funds

2020-21 budgeted amount: \$0 (0.00%)

Agency funds are used to account for assets where the district has a formal agency agreement with other governmental units, employees, students or others. The district maintains two agency funds to account for activities related to a continuing education program (District Graduate Credit Program) for district licensed staff and the Minnesota Reading Recovery Conference. The district does not budget for these funds.

Internal Service Funds

2020-21 budgeted amount: \$58,256,900 (11.1%)

Internal service funds are used to account for the financing of goods or services provided by one department to another within the school district. The district maintains three internal service funds to report severance, self insured Health plan and self-insured dental plan.

General Fund

The majority of general fund expenditures are for student instruction and support services. The general fund is the district's main operating budget and the fund in which the School Board has the most discretion.

The 2020-21 general fund budget was developed to support the district mission to *educate our students to reach their full potential.*

Student Instruction: \$297,833,581 (70.9%)

All costs associated with the teaching of students, the interaction between teachers and students in the classroom and cocurricular activities at the kindergarten, elementary and secondary levels. It also includes services for alternative education, special education, English Learner and other compensatory instructional programs.

Student Support Services: \$64,640,728 (15.4%)

This includes all costs associated with operating a school, including student transportation, school office, assessment and testing, guidance, counseling, nursing services and instructional administration. Instructional administration includes the directors of elementary and secondary education, and teaching and learning. It also includes the costs of their immediate offices, including those individuals in direct support of the administrator.

Sites and Buildings: \$40,422,045 (9.6%)

This includes all costs for the acquisition, operation, maintenance, repair and remodeling of all facilities and grounds of the school district. It also includes salary and benefits of the district's building chiefs, custodial staff, groundskeepers, maintenance specialists, and utilities.

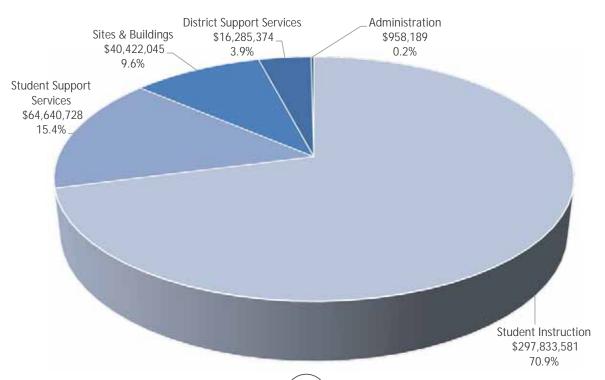

District Support Services: 16,285,374 (3.9%)

This includes expenses for services provided centrally by the district, such as human resources, business services, communication, purchasing, mail processing, technology support and legal services. Also included are insurance costs.

Administration: \$958,189 (0.2%)

This includes the costs for general district and site administration. General district administration includes the School Board and the superintendent in support of school and other district administrators

2020-21 General Fund Expenditures Total General Fund = \$420,139,917

General Fund by Category

The categories of general fund expenditure are salaries, benefits, purchased services, supplies and materials, capital and other expenditures. As shown in the graph below, 84% of the general fund budget pays for people (salaries and benefits), and the majority of those people are teachers and instructional staff who work with students in the classroom.

Salaries: \$255,787,844 (60.9%)

Includes salaries for district administrators, principals, teachers, secretarial and clerical employees, building chiefs, custodians, transportation, food service and other staff.

Benefits: \$93,396,148 (22.2%)

Includes the district's contribution for employee retirement (FICA/Medicare, TRA and PERA); health, dental and life insurance premiums, and tax-shelter annuities for eligible employees.

Purchased Services: \$24,157,005 (5.8%)

Includes utilities, legal services, contracted work and other services that must be purchased from outside sources.

Supplies and Materials: \$25,979,237 (6.2%)

Includes general supplies such as copier paper, instructional supplies for classrooms, textbooks and workbooks, standardized tests and media resources.

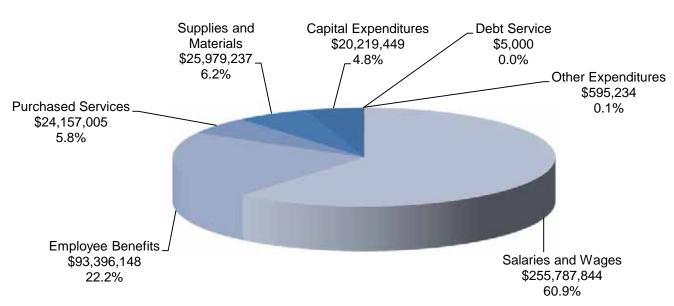

Capital Expenditures: \$20,219,449 (4.8%)

Includes building repairs and site improvements, technology equipment such as computers for classrooms, printers, copiers, fax machines and school buses.

Other: \$600,234 (.1%)

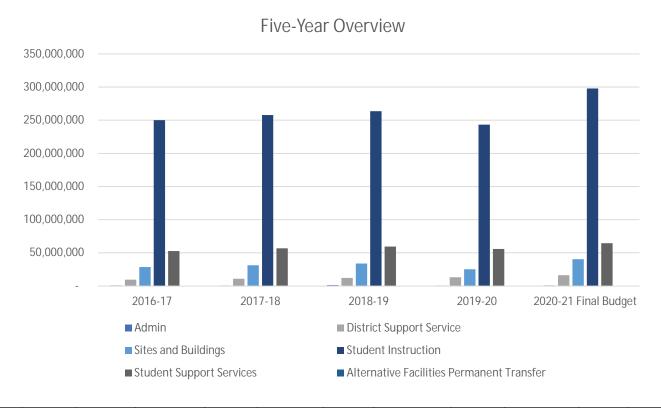

Includes miscellaneous expenditures that are not categorized elsewhere such as membership dues for professional organizations, taxes, special assessments, debt services, permanent transfers to other funds and non-bonded debt service payments.

2020-21 General Fund Expenditures Total = \$420,139,917

General Fund History

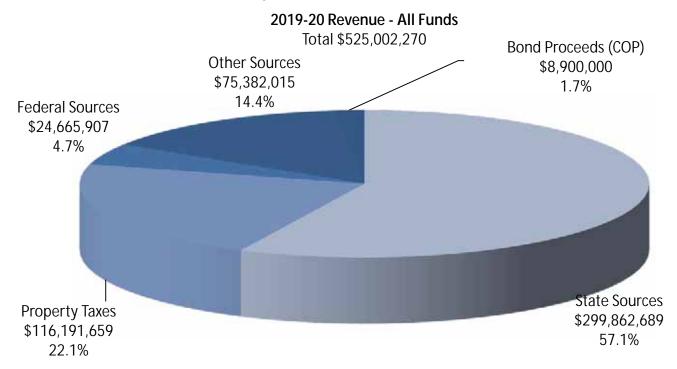

The general fund is the district's main operating fund. The graph below shows that more than 85% of the district's general fund resources are used for student instruction and student support services. This is consistent with the district mission to "educate our students to reach their full potential." Some of the instructional programs added in recent years to help close the achievement gap include integration programs, elementary magnet schools, striving readers, Advancement Via Individual Determination (AVID) and Response to Intervention. Actual expenditures for district support services and administration for the past four school years remain relatively stable. This is consistent with the district's goal to focus resources on classroom instruction for students.

| Fiscal Year | Admin | % of General Fund | District Support Service | % of General Fund | Sites and Buildings | % of General Fund | Student Instruction | % of General Fund | Student Support Services | % of General Fund | Total |

Revenue Sources

The district receives revenue on a per pupil basis from state aids and credits, property taxes, federal aids and other sources. State aids and property taxes make up more than 80% of total district revenues, while federal aids and other sources account for the remaining 20% of revenues.

State Aids and Credits: \$299,862,689 (57.1%)

These include per pupil basic general education aid; special education regular and excess cost aid; Basic Skills aid, including compensatory education aid, English Learners aid and Literacy Incentive aid; operating capital state aid for equipment and facilities maintenance, and aid for gifted and talented education. The Minnesota Legislature determines the level of funding provided by the state.

Federal Aids: \$24,665,907 (4.7%)

These include federal grants for Title programs such as Title I, which focuses on improving the achievement of educationally disadvantaged students, and aids to support special education services for students with special needs. Federal Aids for the 2020-21 school year also includes various programs targeted toward Coronavirus Relief efforts

Property Taxes: \$116,191,659 (22.1%)

These are local taxes the district collects from property owners. The Minnesota Legislature determines the maximum amount the district can levy each year. The district also has authority to seek additional property taxes (up to a maximum amount per pupil established by the Legislature) to support special programs or basic operations through a voter-approved levy referendum. In November 2019, district voters approved a single ballot question to revoke the district's current levy and replace it with a new 10-year levy for \$1,567 per pupil, an increase of \$627 per pupil. As the percentage of state aid has decreased, the percentage of revenues from local property taxes had increased from 18.49% in 2007-08 to 22.1% projected for 2020-21.

Other/Bond Proceeds (COP): \$84,282,015 (16.1%)

These revenues include miscellaneous School Board-approved fees for co-curricular activities, student parking, and admission to athletic and fine arts performances. It also includes interest income from the district's short-term investments, gifts to the district and permanent transfers from other funds. These also include the district's debt service for renovation and construction of turf fields at the high schools

Property Taxes

School district property tax levies are limited by state law. The Minnesota Department of Education computes the levy limitation for each school district based on current legislation and formulas. The school district then certifies the levy to the county auditor, the county sends out tax statements to individual property owners, collects the taxes and makes payments to the school district.

Property taxes are determined by the taxable market value of the property (determined by the county assessor), class rate percentages set in law for each category of property (such as residential homestead, residential non-homestead, apartments, etc.) and state-paid property tax aids and credits. These state-paid property tax aids and credits reduce the actual amount of tax paid by propertyowners.

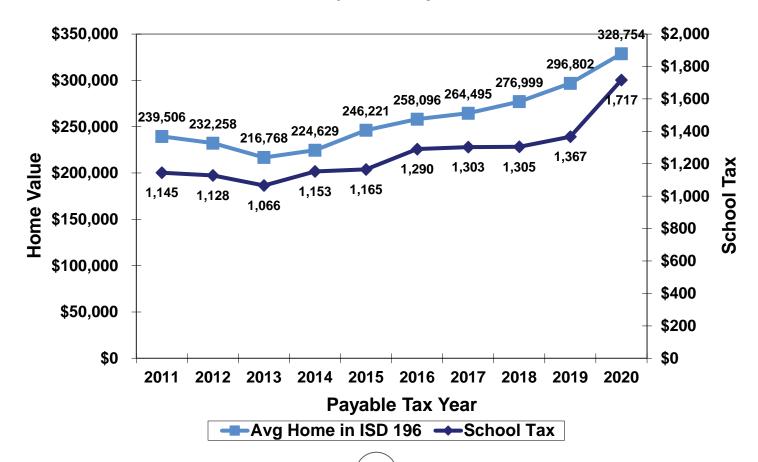

The two types of property tax levies are:

- Voter-approved levies These include building bond and operating levy referendum questions approved by voters.
- •Levies resulting from School Board decisions Levy limitations are calculated by the Minnesota Department of Education based on current legislation and formulas. The School Board can approve levy amounts up to but not exceeding the limits established by the state. Examples include the safe schools levy, alternative facilities levy, health and safety levy, etc.

For 2020-21, the voter-approved levies for the district's general fund total \$58.0 million before state aids and credits; levies based on School Board decisions total \$43.9 million before state aids and credits.

The chart below shows the average home value for the district and the corresponding school tax from 2011 to 2020. Home values within the district have been increasing the last three years, consistent with statewide property value trends.

School Taxes Payable on Avg. Value Home

Budget FAQs and Contact Information

What is the district's average spending per student for instruction and how is it calculated?

While there is no universally agreed upon definition of what should be included in "instructional" spending, a reasonable approach is to divide the total general fund (operating) budget by the average daily membership in the district, which is close to but not the same as the total number of students in the district.

| / | \$420,139,917 28,460 | General Fund Budget Divided by Est. ADM |
|---|-------------------------|--|
| | | |
| | \$14,762 | Avg. spend per student |

What is an ending fund balance?

An ending fund balance is money remaining at the end of the school year. There are three main factors that impact the ending fund balance positively and negatively:

- 1. Schools and departments underspend their budgets. According to district practice, budgeted funds that are underspent by a school are carried over to that school's budget for next year, while budgeted funds that are underspent by a department are not carried over to that department's budget for next year.
- 2. Aid payments from the state may be less than anticipated based on economic conditions. The majority of district revenues come from the state (69.2% in 2019-20). If the state experiences a revenue shortfall during the year, funding to school districts may be prorated, which results in a loss of revenues to the districts.
- 3. Budget assumptions may have changed. Two of the biggest assumptions used to build the school district's budget are the amount of state funding the district will receive and total student enrollment, as districts are funded based on the number of students enrolled. The district's preliminary budget must be developed by the administration and approved by the School Board before July 1 each year. Official enrollment for the year is not determined until October 1 each year and in funding years (every other year) the state does not determine education funding levels until the legislative session concludes in the spring.

Why does the district need a fund balance reserve and what is it used for?

The fund balance is similar to a savings account, a rainy day reserve that can be used to cover unforeseen costs that could not be planned for when the budget was developed. Examples include proration or delay of state aid to the district, a major equipment failure or significant increase in energy or fuel prices. School Board policy requires the district to maintain a minimum fund balance equivalent to at least 5 percent of general fund expenditures for the year.

Does the district consider budget suggestions? Yes. The district invites residents and employees to submit suggestions on ways to reduce costs and increase revenues in the district's budget. Budget reduction suggestion forms are available at all district schools and offices, at regularly scheduled School Board meetings and at www.district196.org/District/Departments/

Finance. Suggestions should be addressed to the Director of Finance and Operations, District Office, 3455 153rd Street West, Rosemount, MN 55068. All submitted suggestions are reviewed by members of the district's citizen-led Budget Advisory Council.

Fund Overview – The general fund is the district's primary operating fund and accounts for the revenues and expenditures associated with providing a public education to children. The above schedule shows a summary of the general fund activity with revenues reported by the source and expenditures reported by object. The 2020-21 final general fund revenue budget, including other financing sources, is \$419.8 million. This is \$9.8 million more than the preliminary budget estimate. The primary factors for this increase are:

- 1. An increase of over \$10M in revenue from federal sources focused on COVID-19 Relief
- 2. Nearly \$1M decrease in State aids as a result of lower enrollment actuals for final budget versus projections used for the preliminary budget

For the 2020-21 school year, state aids represent 70.5 percent of the general fund revenue budget, and 22.9 percent of the general fund revenue will come from property tax. Federal aids and other revenues such as gifts, donations, fees, etc. make up the remaining 6.6 percent of the general fund revenue budget.

The 2020-21 final general fund expenditure budget, including other financing uses, is \$420.1 million. This is \$13.4 million more that the preliminary budget estimate. The primary reasons for the increase are:

- 1. An net increase of \$1.4M in the budgets for salaries and employee benefits, with new employment contracts taking effect for the employee groups with new contracts
- An increase of \$7.0M in the budgets for supplies and materials;
- 3. An increase of \$0.8M in the budgets for purchased services, and
- 4. An increase of \$2.8M in the capital expenditures budgets.

For the 2020-21 school year, the budgets for salary and employee benefits represent 83.1 percent of the general fund budgets, 5.7 percent of the budget goes to purchase services, and the remaining 11.2 percent of the budget is planned for supplies and materials, capital expenditures and other expenditures not included in the above categories.

Revenue – The projected final 2020-21 general account revenue total of \$322.6 million is an increase of nearly \$10 million more than the preliminary budget estimate. There are many factors that have contributed to the net increase. However, the primary reasons include:

- 1) An increase of more than \$10 million in federal aids for COVID-19 relief.
- 2) A decrease of \$0.9 million in state aids as a result of enrollment changes from the preliminary budget to final budget.

Expenditure – The projected final 2020-21 general account expenditure budget, including other financing uses, totaled \$284.1 million. This is \$11.8 million more than the district's preliminary budget estimate. The main reasons for the increase are:

- 1) An increase of \$2.0 million in salary and benefits
- 2) An increase of \$7.1 million in supplies and materials.
- 3) An increase of \$1.2 million in capital expenditures from the preliminary budget.

The net result of the changes described above is that the budgeted revenues in the 2020-21 general account exceed budgeted expenditures by \$38.5 million.

Revenue – The projected final 2020-21 special education account revenues totaled \$50.1 million. This is slightly more than the preliminary estimate. This increase is chiefly due to an increase of \$78,627 in budgeted revenue from federal sources.

Expenditure – The updated expenditure budget estimate for the special education account is \$81.1 million, which is approximately \$0.8 million less than the preliminary budget. The primary reasons for the decrease include:

- 1) A net decrease of \$0.8 million in salaries and employee benefits from the preliminary budget.
- 2) An increase of \$58,862 increase in purchased services, supplies and capital expenditures

The net result of the changes describe above is that budgeted expenditures in the special education account exceed budgeted revenues by \$30.9 million, which is \$0.9 million less in deficit spending than originally projected in the preliminary budget.

Fiscal year 2020-21 is the fourteenth year that the district will be participating in Minnesota's Quality Compensation (Q Comp) program. The approved Q comp funding will be used to support the following initiatives:

- 1) Additional compensation to those teachers who have elected to participate in the program and have successfully completed all of the requirements;
- 2) Stipends for site team members members will review participating teachers' individual growth plans to check alignment with school and district goals, plan professional development in the building and conduct Q Comp orientation;
- 3) Q Comp program implementation and administration costs and professional development activities for participants.

Revenue – The final Q Comp revenue estimate is \$7.7 million. This is equivalent to the preliminary estimate to the reflected Minnesota Department of Education updated Q Comp aid calculation.

Expenditure – The preliminary Q comp expenditure budget estimate was \$7.69 million; the final budget estimate is \$7.66 million. The Decrease in the expenditure budget is mainly due to adjustments made to reflect updated information for actual number of participants, salaries and actual health insurance costs.

The net result of the changes described above is that the final budgeted expenditures is less than budgeted revenues by \$99,734. This is nearly \$30,000 less in deficit spending than the preliminary budget.

| Net change in Fund Balance | (120,453) | 337,743 | (1,023,177) | (1,909,279) | (2,421,339) |

For the 2020-21 school year, the district set aside \$299.99 (4.57 percent of \$6,567) per adjusted pupil unit from the per pupil unit general education formula allowance for pupil transportation. The district also receives additional categorical funding for transporting students with disabilities and non-public students. The disabled transportation funding has been incorporated with special education funding formula since 1998-99 school year. To maintain funding integrity, the district continues to report disabled transportation aid in the pupil transportation account.

Revenue – The final pupil transportation revenue budget is \$44,699 less than the preliminary estimate. The total revenue for the 2020-21 Transportation Budget is \$20.6 million.

Expenditures – The final expenditure budget for the pupil transportation account totaled \$22.9 million, an increase of \$467,361 from the preliminary budget. This increase is mainly due to an increase in anticipated purchased services for the year as well as an increase in salaries and employee benefits.

Because of these adjustments, the final budget pupil transportation expenditures exceed final budgeted revenue by \$2.4 million.

The School Board approved the preliminary 2020-21 capital expenditure in April 2020. Since that time, a few adjustments have been made to reflect updated estimates. The financial information above includes information pertaining to the districts operating capital budget and the Long Term Facilities Maintenance (LTFM) budget.

Revenue – The final 2020-21 revenue budget for this fund is lower than the preliminary estimate, by \$33,467, due to changes in state sources for capital expenses as a result of the decline in district enrollment.

Expenditure – The final 2020-21 expenditure for this fund has increased by \$1.4 million from the preliminary budget, primarily due to approved budget adjustments and the allocation of capital carryover dollars to the schools.

Funds Overview -

The food service special revenue fund is used to account for all financial activities of the district's food and nutrition program. The food service special revenue fund is self-sustaining. Receipts from sales to students and adults, and reimbursements from federal and state governments cover all costs of the food and nutrition programs. Current meal prices within the district are as follows: Breakfast ranges from \$1.55-\$1.60 and lunch prices range from \$2.50-\$2.65. Meal prices are different at the elementary, middle and high school levels.

The community service fund is used to record all financial activities of the community service program. The community service fund is comprised of five components, each with its own fund balance. The five components are: 1) Community Education – general, 2) Community Education – early childhood screening and aids to non-public students, 3) Early Childhood Family Education, 4) School Readiness, and 5) Adult Basic Education.

Fund Overview – The food service special revenue fund is used to account for all financial activities of the district's food and nutrition program. The food service special revenue fund is self-sustaining. Receipts from sales to students and adults, and reimbursements from federal and state governments cover all costs of the food and nutrition programs. Current meal prices within the district are as follows: Breakfast ranges from \$1.55-\$1.60 and lunch prices range from \$2.50-\$2.65. Meal prices are different at the elementary, middle and high school levels.

Revenue – The final food service revenue projection is \$5.5 million less than our preliminary estimate. The projected decrease is chiefly due to the impacts of the COVID-19 pandemic in both in-person instruction opportunities and changes to the federal nutrition program.

Expenditure – The revised food service expenditure budget is \$5.5 million than the preliminary estimate. This increase is mainly due to a combination of the following factors:

1) Decreases in the quantity and scope in which the district provides food services. These decreases include less hours for employees which reduces the district's expenses for salaries and benefits and less supplies and materials needed.

Because of these adjustments, food service fund expenditures are projected to exceed revenues by \$382,462.

Fund Overview – The community service fund is used to record all financial activities of the community service program. The community service fund is comprised of five components, each with its own fund balance. The five components are: 1) Community Education – general, 2) Community Education – early childhood screening and aids to non-public students, 3) Early Childhood Family Education, 4) School Readiness, and 5) Adult Basic Education.

Revenue – Several adjustments were made to the revenue budget that resulted in a net decrease of \$1.1 million when compared to the preliminary estimate. This net decrease is mainly due to the COVID-19 pandemic, which forced the community education department to cancel programs and classes, thus reducing revenue significantly.

Expenditure – The revised expenditure budget is \$366,625 less than the preliminary budget. Many adjustments were made to expenditure items to reflect the district's latest estimates. The major adjustments are summarized below.

1) A net decrease in estimated purchased services of \$231,304 as well as a net decrease of \$119,499 in salaries and benefits.

Because of these budget adjustments, the updated 2020-21 expenditures for the community service expenditure projections are expected to exceed revenues \$206,817, leaving an estimated community education fund balance of \$2,668,276 at the end of fiscal year 2021.

Fund Overview – During the 2020-21 school year, District 196 will complete the last punch list items in the building improvement projects from a bond referendum and capital projects levy that was approved by voters in November 2015. The \$180 million single-question referendum provided funding for safety and security improvements districtwide, additional and upgraded spaces for learning to accommodate growing enrollment and increased access to technology for all students.

In April 2020, the school board approved the financing and awarded bids for turf field construction at the district's four main high schools. The project scope includes two new turf fields, one stadium field and one practice field, at each high school. The total cost of construction for all four sites is \$17-\$19 million. The initial phase of construction included \$8.9 in debt issuance (certificates of participation).

Fund Overview – The regular debt service fund is used to account for the accumulation of resources for, and payment of, general obligation of long-term debt principal, interest and related costs.

Revenue – Revenues for the regular debt service fund are directly tied to the district's bond principal and interest payment needs. Close to 100 percent of the projected revenue come from property tax levy, only a very small percentage comes from the state in the form of homestead and agricultural market value credits. Our final estimate for this fund is the same as the preliminary budget.

Expenditure – The updated expenditure budget for this fund is the same as the preliminary projection. The district is not proposing any changes to this expenditure budget.

The projected June 30, 2021 fund balance for this fund is \$1.19M

Fund Overview – The OPEB debt service fund is used to account for the accumulation of resources for, and payment of, long-term debt principal, interest and other costs for OPEB-related debt activity. All debt obligations have been met. The final adjustment to this balance will take place within the levy process.

Revenue – Similar to the regular debt service fund, revenues for OPEB debt service fund are directly tied to the district's OPEB bond principal and interest payments. Close to 100 percent of the revenue for this fund comes from property taxes and a very small percentage comes from the state in the form of homestead and agricultural market value credit. The district is not anticipating any revenues for the OPEB debt service fund.

Expenditure – The updated expenditure budget for this fund is the same as the preliminary projection. The district is not proposing any changes to this expenditure budget.

The projected June 30, 2021 fund balance for this fund is \$2.26 million.

Fund Overview – An internal service fund is used to account for the financing of goods or services by one department to another department within the district or to other governmental units on a cost-reimbursement basis. School districts are not required to use internal service funds. The most common use of an internal service fund by school district is for self-insurance programs.

The district maintains four internal service funds to report activities related to other post-employment benefits, severance, self-insured health and self-insured dental. For the 2018-19 school year, the district transitioned from a Revocable OPEB Trust to an Irrevocable OPEB Trust, which is classified differently and not included in the district's internal service funds.

The schedule above shows the actual and projected fund balances for the district's four internal service funds.

Fund Overview – Custodial funds are used to account for assets held in trust by the district for the benefit of individuals or other entities. The district maintains three trust funds: 1) an employee benefit trust fund used to report resources received and held by the district as the trustee for employees participating in the district's flexible benefit plan and 3) the OPEB Irrevocable Fund for the school year.

The employee benefits trust fund is used to report activities related to the district's employee flexible benefit plan. This flexible benefit plan is an Internal Revenue Code §125 Cafeteria Plan and is self-supporting. The district does not prepare a budget for this fund. The Irrevocable OPEB fund is used to report activities related to the district's Other Post Employment Benefits (OPEB).

INFORMATIONAL SECTION

Final Budget Calendar

| Completion Date | Persons Responsible | Activities |
|--|--|---|
| Monday, Sept 21, 2020 | Mgr. of Financial Systems | Notification to district office budget administrators of final budget timelines |
| Wednesday, Sept 30, 2020 (End of Day) | Coordinator of Finance | Notification to schools of carryovers/deficits |
| Friday, Oct. 2, 2020 | Principals Student Information Supr. Director of Elem. Education Director of Sec. Education | Verify schools' actual October 1 enrollment |
| Friday, Oct. 2 -Tuesday, Oct. 6, 2020 | Coordinator of Finance Mgr.of Financial Systems | Update schools' instructional and staffing allocations in MyBudgetFile to reflect actual October 1 enrollment |
| Wednesday, Oct 7, 2020 (ASAP) | Coordinator of Finance Mgr. of Financial Systems | MyBudgetFile open and available for final budget revisions |
| Friday, Oct. 9 - Friday, Oct. 16, 2020 | Elementary Principals Middle School Principals High School Principals Program Admin./Coordinators | MyBudgetFile Work Sessions (Format to be announced later) |
| Tuesday, Oct. 20, 2020 (End of Day) | Elementary Principals District-level Administrators Middle School Principals High School Principals | Complete and submit final budget for superintendent's and/or directors' review and approval |
| Wednesday, Oct. 21 - Tuesday, Oct. 27, 2020 | Superintendent's Cabinet | Review and approve budgets submitted by direct reports; inform finance when ready for processing |
| Monday, Nov. 16, 2020 | Director of Fin. & Operations Coordinator of Finance Mgr.of Fin.Sys./Reporting & Compliance Superintendent Superintendent's Cabinet | Prepare draft copy of final budget for review with superintendent and superintendent's Cabinet |

GLOSSARY

Glossary of Terms

Α

Accounting Procedure: The policy and systematic arrangement of methods and operations for recording accounting information to provide internal control and produce accurate and complete records and reports.

Accounting System: The total set of records and procedures which are used to record, classify and report information on the financial status and operations of an entity.

Accrual Basis of Accounting: The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at that time or not).

Adjusted Marginal Cost Pupil Units: The current pupil units or sum of 77 percent of the adjusted pupil units computed using current year data, plus 23 percent of the adjusted pupil units computed using prior year data, whichever is greater.

Adjusted Net Tax Capacity (ANTC): The net tax capacity of a school district as adjusted by the sales ratio (Net Tax Capacity divided by the sales ratio). The purpose of the adjustment is to neutralize the effect of different assessment practices among the taxing jurisdiction of the state.

Adjusted Pupil Units: The sum of pupil units served plus pupil units whom the district pays tuition under an agreement with another district, minus pupil units for whom the district receives tuition under an agreement with another district.

Apportionment: (1) The act of apportioning; (2) An item of receipts resulting from the act of apportioning, such as state apportionment (see allotment).

Assessed Valuation: A valuation set upon real estate or other property by a government as a basis for levying taxes.

Assessment: (1) The process of making the official valuation of property for the purpose of taxation, and (2) The valuation placed upon property as a result of this process. **Note**: *Assessment* is sometimes used to denote the amount of taxes levied but such usage is not recommended since it fails to distinguish between the valuing process and the tax levying process. The term is also used erroneously as a synonym for *special assessment*.

Assets: Economic resources that are owned or controlled by an entity.

Audit: The result of an independent accountant's review of the statements and footnotes to ensure compliance with generally accepted accounting principles and to render an opinion on the fairness of the financial statements.

Audit Report: A report issued by an independent certified public accountant that expresses an opinion about whether the financial statements fairly present an organization's financial position, operating results and cash flows in accordance with generally accepted accounting principles.

Average Daily Attendance (ADA): The aggregate attendance of students in a school during a reporting period (normally a school year) divided by the number of days that school is in session during this period.

Average Daily Membership (ADM): The aggregate membership of students in a school during a reporting period (normally a school year) divided by the number of days that school is in session during this period.

В

Balance Sheet: A formal statement of assets, liabilities and equity as of a specific date.

Bond: A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date in the future (the maturity date), together with periodic interest at a specified rate.

Bond Discount: The difference between the face value and the sales price when bonds are sold below their face value.

Bond Maturity Date: The date at which a bond principal or face amount becomes payable.

Bond Premium: The difference between the face value and the sales price when bonds are sold above their face value.

Bond Rating: Ratings for bonds to be issued that primarily reflect the ability of the issuer to repay the bonds. Better bond ratings result in lower interest rates for the bonds issued.

Bond Referendum: Funding for a proposed public building or major remodeling project submitted for local voter approval.

Budget: A plan of financial operation expressing the estimates of proposed expenditures for a fiscal year and the proposed means of financing them (revenue estimates).

Budgeting: Pertains to budget planning, formulation, administration, analysis and evaluation.

Budget Calendar: Schedule of key dates, which the School Board and administrators follow in preparation, adoption and administration of the budget.

С

Capital Lease: A leasing transaction that is recorded as a purchase by the lessee; ownership is transferred to the lessee at the conclusion of the leasing agreement.

Capital Outlay: An expenditure that is generally greater than \$5,000 and results in ownership, control or possession of assets intended for continued use over relatively long periods of time.

Cash Basis: Gross income is recognized when cash is received.

Cash Basis Accounting: A system of accounting in which transactions are recorded and in which revenues and expenses are recognized only when cash is received or paid.

Chart of Accounts: A list of all accounts generally used in an individual accounting system. In addition to account title, the chart includes an account number that has been assigned to each account. Accounts in the chart are arranged with accounts of a similar nature, for example, assets and liabilities.

Compensatory Revenue: A portion of general education revenue based on the number of students in a school district that qualify for free or reduced-price school meals.

Contracted Services: Service rendered by personnel who are not on the payroll of the school district, including all related expenses covered by the contract.

Credit: An entry on the right side of the account.

D

Debt: Money owed by one party (the debtor) to a second party (creditor), generally subject to contractual terms regarding the amount and timing of repayments of principal and interest.

Debt Service: Expenditures for the retirement of principal and payment of interest on debt.

Debt Limit: The maximum amount of bonded debt for which a governmental unit (school district) may legally obligate itself.

Debit: An entry on the left side of an account.

Delinquent Taxes: Taxes remaining unpaid on and after the date on which they become delinquent by statute.

Double Entry Accounting: A system of recording transactions in a way that maintains the equality of the accounting equation. Every entry made to the debit side of an account or accounts will have a corresponding amount or amounts made to the credit side.

Ε

Elementary School: A school classified as elementary by state and local practice and composed of any span of grades not above grade eight. Preschool or kindergarten is included under this heading only if it is an integral part of an elementary school or a regularly established school system.

Employee Benefits: Compensation, in addition to regular salary, provided to an employee. This may include such benefits as health insurance, life insurance, annual leave, sick leave, retirement and Social Security.

Enrollment: The total number of students registered in a given school unit at a given time, generally in the fall. (October 1 in Minnesota)

Entry: The record of a financial transaction in its appropriate book of accounts. Also, the act of recording a transaction in the books of accounts.

Equalization: The process of (1) reducing the tax rate or tax base disparities among different taxing jurisdictions, or (2) reducing net tax disparities among different properties within the same class in a given taxing jurisdiction.

Expenditures: Charges incurred, whether paid or unpaid, which are presumed to benefit the current fiscal year. For elementary/secondary schools, these include all charges for current outlays plus capital outlays and interest on school debt.

Expenditures Per Pupil: Charges incurred for a particular period of time divided by a student unit of measure, such as enrollment, average daily attendance, or average daily membership.

Expenses: Costs incurred in the normal course of operations.

F

Fiscal Year: The twelve-month period of time to which the annual budget applies. All Minnesota school districts, by law, must observe a fiscal year that runs July 1 through June 30.

Free School Meals: In order to qualify for free school meals, a household must submit an application. The federal government, comparing the household's size to its income, sets guidelines.

Full-Time Equivalency (FTE): The result of a computation that divides the amount of time for a less than full-time activity by the amount of time normally required in a corresponding full-time activity.

Fund: A sum of money or other resources segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations, and constituting an independent fiscal and accounting entity.

Fund Balance (equity): Mathematical excess of assets over liabilities.

Federal Sources: Revenues received from federal government appropriations.

Fiduciary Funds: Account for assets held in a trustee capacity or as an agent for individuals, organizations or other governmental units and/or funds.

Formula Allowance: Minnesota's basic general education formula allowance provided school districts with a majority of their revenue.

G

General Fund: Typically the largest fund in the budget. It is comprised of money not in other funds. Most of this fund is not earmarked for specific purposes.

Generally Accepted Accounting Principles (GAAP): Standard framework of guidelines for financial accounting used in any given jurisdiction; generally known as accounting standards or standard accounting practice. These include the standards, conventions and rules that accountants follow in recording and summarizing financial transactions and in the preparation of financial statements.

General Obligation Bonds (GO Bonds): Bonds that the state stands behind with its taxing powers.

Grant: A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments (school districts) from state and federal governments and are usually made for specified purposes.

Н

High School: A secondary school offering the final years of high school work necessary for graduation, usually including grades 9-12.

I

Interest: The payment (cost) for the use of money.

Internal Service Funds: Funds internal to the operation of a unit that provide a variety of services to that unit, such as a printing activity. The funds must recover the full costs of services provided through billing back.

No entries

Κ

Kindergarten: This category of students includes transitional kindergarten, kindergarten and pre-first-grade students, and is traditionally found in elementary schools.

Kindergarten Handicapped (or disabled): This is a special category within kindergarten that provides for increased weighting of these kindergarten students that provides more revenue to a district.

L

Lease: A contract that specifies the terms under which the owner of an asset (the lessor) agrees to transfer the right to use the asset to another party (the lessee).

Lessee: The party that is granted the right to use property under the terms of a lease.

Lessor: The owner of property that is rented (leased) to another party.

Levy: A tax imposed on property, which a school board may levy, and is limited by statute.

Liabilities: Obligations measurable in monetary terms that represent amounts owed to creditors, governments, employees and other parties.

Local Education Agency (LEA): See schooldistrict.

Long-Term Liabilities: Debts or other obligations that will not be paid within one year.

M

Mandates: Requirements imposed by one level of government on another.

Marginal Cost Pupil Unit: Used to indicate pupil count. It is a calculation whereby 77 percent of the current year pupil count is added to 23 percent of the prior year pupil count.

Market Value: The value assigned to property by an assessor. The market value is intended to reflect the sales value of the property.

Middle School: A secondary school following elementary school and preceding high school, usually including grades 6-8.

Minnesota Automated Reporting Student System (MARSS): A system of pupil accounting that maintains essential data elements for each public school student attending school in Minnesota and reported by school districts to the state.

Minnesota Department of Education (MDE): The formal agency within the executive branch of government in Minnesota that oversees the operations of education, K-12 education in particular.

Modified Accrual Basis of Accounting: The basis of accounting under which expenditures, other than accrued interest on general long-term debt, are recorded at the time liabilities are incurred and revenues are recorded when received in cash, except for material and/ or available revenues, which should be accrued to reflect property taxes levied and revenue earned.

N

Net Tax Capacity (NTC): This value is derived by multiplying the estimated market value of each parcel by the appropriate class (use) rate for that parcel.

Net Tax Liability: The amount of tax computed by subtracting tax credits from the gross tax liability.

Non-Resident Student: A student whose legal residence is outside the geographical area served by the district.

Operating Lease: A simple rental agreement where the lessor, at the conclusion of the leasing agreement, retains ownership.

Р

Principal (face value or maturity value): The amount that will be paid on a bond at its maturity date.

Public Employees Retirement Association (PERA): This group administers pension plans that cover local, county and school district non-teaching employees.

Pupil Units: A count of resident students in average daily membership. See weighted pupil units.

Q

No entries

R

Review and Comment: A process by which the commissioner of Minnesota Department of Education reviews and comments on the feasibility and practicality of proposed school district building projects.

Refunding Bonds: Bonds issued to pay off bonds already outstanding.

Reserve: An amount set aside for some specified purpose.

Resident Student: A student whose legal residence is within the geographic area served by the district.

Revenues: Money received by a unit from external sources net of refunds and other correcting transactions, other than from the issuance of debt, liquidation of investments, and as agency and probate trust transactions.

S

School Board: Elected or appointed body that has been created according to state law and vested with responsibilities for educational activities in the school district.

School District: A unit for administration of a public-school system often comprising several cities within a state.

Social Security (FICA) Taxes: Federal Insurance Contributions Act taxes imposed on employees and employers; used mainly to provide retirement benefits.

Staff Automated Reporting System (STAR): The system by which staff data elements are recorded and transmitted to the Minnesota Department of Education.

Stated Rate of Interest: The rate of interest printed on the bond.

Statute: A written law passed by a legislative body.

T

Tax Base: The value of commercial, industrial, residential, agricultural and other properties in a school district, city, municipality and county.

Tax Capacity: The value of property that school districts and other units' tax.

Tax Credit: A state-allowed reduction on local property taxes.

Teachers Retirement Association (TRA): A statewide public pension fund for public school teachers throughout Minnesota, except for teachers in the first class cities, and some teachers in community colleges, state universities and technical colleges.

Transfer: The movement of money between funds; transfer must be consistent with legislative intent.

Trial Balance: A listing of all account balances; provides a means of testing whether total debits equal total credits for all accounts.

| Trust Fund: A fund consisting of resources received and held by the district as trustee to be expended or invested in accordance with the conditions of the trust. |

| Weighted Pupil Units: A varied weighting of pupils by grade. For example, a student in grades 1-6 may be counted as a 1.06 pupil unit, whereas a student in grades 7-12 may be counted as a 1.3 pupil unit. This methodology was sunset in 2014. Students in grades 1-6 may be counted as a 1.00 pupil unit and students in grades 7-12 may be counted as a 1.2 pupil unit. |
